

EZ-REEL REPLACEMENT FOR BUDDY®, DUCT HUNTER™ AND LIVE TRACEABLE™ RODDERS

EZ-REEL™ REPLACEMENT ROD ON REEL

Jameson Buddy®, Duct Hunter™ and Live Tracer™ rodders are the most durable in the market, but we know job sites can be extremely tough.

Using our repair kits, customers are often able to splice rod or repair end-fittings to keep their rodders in service.

However, on occasion it may be necessary to replace the entire spool of rod due to more severe damage. Removal, disposal and rod replacement can be a difficult and time-consuming task. Responding to customer feedback, Jameson introduced EZ-REEL™ pre-loaded replacement reels which help improve speed and safety of replacing damaged rod material.
